

Minster Business Association Cookies Policy

Our website uses cookies.

We will ask you to consent to our use of cookies in accordance with the terms of this policy when you first visit our website. By using our website and agreeing to this policy, you consent to our use of cookies in accordance with the terms of this policy.

A cookie is a file containing an identifier (a string of letters and numbers) that is sent by a web server to a web browser and is stored by the browser. The identifier is then sent back to the server each time the browser requests a page from the server.

Cookies can be used by web servers to identify and track users as they navigate different pages on a website and identify users returning to a website.

Cookies may be either "persistent" cookies or "session" cookies.

A persistent cookie consists of a text file sent by a web server to a web browser, which will be stored by the browser and will remain valid until its set expiry date (unless deleted by the user before the expiry date).

A session cookie, on the other hand, will expire at the end of the user session, when the web browser is closed.

We may at times use both session cookies and persistent cookies on this website.

When you use our website, you may also be sent third party cookies.

Our service providers may send you cookies. They may use the information they obtain from your use of their cookies:

- (a) to track your browser across multiple websites;
- (b) to build a profile of your web surfing; and
- (c) to target advertisements which may be of particular interest to you.

Cookies do not contain any information that personally identifies you, but personal information that we store about you may be linked, by us, to the information stored in and obtained from cookies.

Most browsers allow you to refuse to accept cookies. For example:

- (a) In Internet Explorer you can block cookies using the cookie handling override settings available by clicking "Tools", "Internet Options", "Privacy" and then "Advanced";
- (b) In Firefox you can block all cookies by clicking "Tools", "Options", "Privacy", selecting "Use custom settings for history" from the drop-down menu, and un-ticking "Accept cookies from sites";
- (c) In Chrome you can block all cookies by accessing the "Customise and control" menu, and clicking "Settings", "Show advanced settings" and "Content settings", and then selecting "Block sites from setting any data" under the "Cookies" heading.

Blocking all cookies will, however, have a negative impact upon the usability of many websites.

If you block cookies, you may not be able to use all the features on this website.

You can also delete cookies already stored on your computer. For example:

(a) In Internet Explorer you must manually delete cookie files (you can find instructions for doing so at <http://support.microsoft.com/kb/278835>);

(b) In Firefox you can delete cookies by clicking "Tools", "Options", "Privacy" and then "Show Cookies", and then clicking "Remove All Cookies"; and

(c) In Chrome you can delete all cookies by accessing the "Customise and control" menu, and clicking "Settings", "Show advanced settings" and "Clear browsing data", and then selecting "Delete cookies and other site and plug-in data" before clicking "Clear browsing data".

Again, doing this may have a negative impact on the usability of many websites.
